## **Nancy Rubin Stuart**

Author of

*The Muse of the Revolution: The Secret Pen of  
Mercy Otis Warren and the Founding of a Nation*

**\$20.00 PAPERBACK**

Praised by her mentor John Adams, Mercy Otis Warren was America's first woman playwright and female historian of the American Revolution. In this unprecedented biography, Nancy Rubin Stuart reveals how Warren's provocative writing made her an exception among the largely voiceless women of the eighteenth century.

"A fascinating reminder . . . that the ideals of independence resonated as strongly with American women as with American men." —**CHRISTINE M. KRIESLER, *American History***

"[Warren] relished hurling her verbal darts and piercing male pomposity. Adams was her most celebrated target, but others, including John Hancock, came to feel the prick of her barbs. No one has ever captured the spirit of this woman better than Stuart."

—**DR. WILLIAM M. FOWLER, JR., Distinguished Professor of History at Northeastern University and former director of the Massachusetts Historical Society**

"Warren was one of the great scribes of our American Revolutionary era."

—**LARRY and SARALEE WOODS, *American Spirit***

"Death by lightning, duels, treason, smallpox, 16-page rants written with quill pens, nervous breakdowns. This may sound like the stuff of an overwrought period novel, but it's straightforward fact in Nancy Rubin Stuart's nuanced biography of Mercy Otis Warren."

—**KATHLEEN WILCOX, *Bust***
